L 4516-18 By 7-1-33

Directs that the inspection of water works by the Subdiva Engrs may be dispensed with

Inspection of water works - by Supdg Engrs

[App F III—2

General and Revenue Secretariat | Md File No 185 of 1932 | 1868

Serial No

1 Letter no 340-S. dy 27-6-32 from the Govt of Health requesting orders of Govt relieving the Supdg Engrs of the inspection of water works

---

Md file 309-27-2 is perhaps already with you of S.O no 1 6728-38 Md 309-27 dy 27-4-28 authorising the Supdg Engineers to inspect the water works of the municipalities in 6 months.

The Govt of Health states that as the officers of the public health depts themselves can conveniently undertake the work of inspection of water works, there seems to be no necessity for the Superintending Engrs to inspect the works, referred to. It is for consideration whether the proposal may be abandoned

Kindly see orders

31/10 The Chief Engineer may be consulted in the matter

SUBJECT - Re the inspection of water works by the Superintending Engineers

29/10/32

***

Sir

With reference to your letter No L 2946 dated 25th October 1932 on the above I have the honour to state that the Bureau of Sanitary Engineering being now fully organised under the Department of Health the departmental officers themselves can conveniently undertake the work of inspection of water works In these circumstances there seems to be no necessity for the Superintending Engineers to inspect the water works I request that Government may therefore be pleased to issue orders relieving the Superintending Engineers of this inspection work

I have the honour to be
Sir
Your most obedient servant

GENERAL SECRETARIAT
1932 DEC 19
No 6.S.S

Dear Sir,

I wish to refer you to Government Order No 6728-38/M1 309-27-2 dated 27th April 1928 which sanctions the recommendation of the Secretary, Public Works Department regarding the inspection of Davangere Water Works and other water supplies by Superintending Engineers of the Public Works Department

As all matters pertaining to public water supply have been transferred from the Public Works Department to the Department of Health, the Engineering staff of the Bureau of Sanitary Engineering have been making periodic inspections of all water works in the State These men are particularly trained in water works technique and must continue making such inspections in order to be in a position to propose modifications in line with modern water works procedure The practice of the Superintending Engineers of the Public Works Department of making such inspections will lead to friction and the reports handed in are of no use to the Bureau of Sanitary Engineering

I therefore request that the above Government Order be withdrawn and that all inspections pertaining to water supplies be confined solely to the Bureau of Sanitary Engineering

Sincerely yours,

J J Mieldazis,
SANITARY ENGINEER

The General Secretary to
the Government of Mysore,
Bangalore
